General:

1. All applications to be submitted to the Local Municipality;
2. The bulk services contribution is payable on the approval of an application and before the issuing of a section 53 clearance. (Spatial Planning and Land Use Management Act 16 of 2013 - Chapter 7).

Policy statement:

Bulk services contribution.

The developer will be responsible for the contribution to the payment of bulk services (dry and wet). The calculation methodology as listed below will generally be used as a guideline to determine the development contributions. The municipal tribunal may deviate from this contribution in where large developments with significant impact on services are being processed. The developer may be required by the municipal tribunal to provide bulk services in lieu or in part of the payment of development contributions.

The Council may revise this Bulk services contribution policy at any stage.

Calculation methodology:

- 1) Rezoning and subdivision (per erf created) and any other application that will demand an increase in bulk services usage: R30.00 per square meter for the whole property (e.g. erf of 1000 m² x R30 = R 30 000)*;
- 2) Second dwelling: R50.00 per square meter of building only (e.g. building of 40 m² x R 50 = R 2000)*.

**Government affordable housing projects are exempted from this policy.*

The bulk services contribution is payable on the approval of an application and before the issuing of a section 53 clearance. (Spatial Planning and Land Use Management Act 16 of 2013, Chapter 7).
