

Oversight Report for the 2020/2021 financial year

To be presented to Council on 30 March 2022

Mr Mayor,

With the introduction of the Karoo Hoogland Council Oversight Committee / MPAC Committee, an expectation has been created whereby effect would be given to section 152 (1) (a) of our Constitution, namely to provide democratic and accountable government for local communities.

The relationship between the IDP, Budget and Annual Report is well documented in National Treasury's MFMA Circular no. 11, which stated, "The **IDP and Budget** is forward looking, they set out what the municipality intends to do and the funds it will raise and spend. The **Annual Report**, on the other hand, is backward-looking as it reports on actual performance at the end of the financial year.

For the purpose of transparency and to the knowledge of all councillors and the public present today, I will table this report by means of a holistic approach for clarity purposes.

It should be taken into account that Covid-19 Pandemic affected South Africa and the world since the beginning of 2020. And thus, it had a great effect on the oversight process which follows the financial year under discussion. An Extension notice was also gazetted that the timelines for the Annual Performance Report, the AFS and the Audit Report as well as the Oversight Report were extended with two months for the 2019/2020 financial year. **No extension was applicable for the 2020/2021 financial year.**

1) INTRODUCTION

a) The 2020/2021 Annual Report was tabled to Council on the 28TH of **January 2022** in compliance with the Municipal Finance Management Act (MFMA) which requires under Section 127(2) that:

- i) "The mayor of a municipality must, within seven months after the end of a financial year, table in the municipal council the annual report of the municipality".

b) When tabled, the annual report should include four main components, each of which has an important function in promoting governance and accountability.

The **main components** are:

- i) The annual performance report as required by section 46 of the MSA;
- ii) Annual Financial Statements submitted to the Auditor-General;
- iii) The Auditor-General's audit report on the financial statements in terms of Section 126 (3) of the MFMA; and
- iv) The Auditor-General's audit report on performance in terms of Section 45 (b) of the MSA. *NCW*

- c) Section 129 of the MFMA requires the council to consider the annual report of its municipality and to adopt an Oversight Report containing the council's comments on the annual report.

2) PURPOSE

- a) To submit the Oversight Report on the Annual Report of 2020/2021 in terms of Section 120 of the Municipal Finance Management Act, 2003, (MFMA)

3) BACKGROUND

- a) Council is vested with the responsibility to oversee the performance of their respective municipality, as required by the Constitution, The Municipal Finance Management Act (MFMA) and the Municipal Systems ACT (MSA). This **oversight responsibility** of council is particularly important for the process of considering annual reports.
- b) The MFMA and MSA recognise that **council has a critical role** to play to ensure better performance by municipal departments and entities. There exists an explicit linkage between the strategic goals, set by council through the IDP, which are translated into the budget, and the delivery of those goals, which is reported on in the Annual Report. It is important for council to ensure that the budget gives effect or expression to priorities contained in the IDP. A reliable budget will lay a basis for better oversight and cement the contracts between the executive/council, the administration and the public.
- c) The MFMA gives effect to financial management reforms that place greater service delivery responsibilities on managers and makes them more accountable for performance. Whilst, in the first instance it is left to the mayor to resolve any performance failures, ultimately the council is vested with the power and responsibility to oversee both the executive and administration. A good base for performance monitoring have been set in 2020/2021 to build on in the coming years.
- d) The following are **strategic objectives** which are aligned to Organisational Performance management and also objectives which should enjoy more attention in the coming year:
- i. To monitor the implementation of the IDP (Integrated Development Plan)
 - ii. To monitor the effectiveness and efficiency of service delivery
 - iii. To achieve the organizational transformation
 - iv. To promote accountability
 - v. To create a performance culture
 - vi. To designate decision regarding alternative service delivery mechanisms
 - vii. To manage performance in a consultative, supportive and non-discriminatory way.
 - viii. To provide guidelines for the evaluation of the Karoo Hoogland Municipality's performance
- e) The separation of roles between the council and administration is intended to strengthen the oversight functions of councillors. Good governance and effective oversight and accountability are predicated on the separation of functions. It is fundamental for the achievement of the objectives for local government in the Constitution relating to a democratic and accountable system of local government.

- f) Council oversees the performance of the administration through council and committee meetings.
- g) In terms of a Council Resolution dated **28 January 2022**, such an Oversight Committee/MPAC Committee was established in terms of Section 79 of the Structures Act, 1998, to review the Annual Reports of the Council and prepare an Oversight report on the Annual Report.
- h) The Oversight Committee/MPAC Committee had their first meeting on **22 March 2022**.
- i) The Council's 2020/2021 Annual Report was tabled to Council on **28 January 2022** in terms of Section 127 (2) of the MFMA, and was made public in terms of Section 127 (5) of the MFMA on **4 February 2022**. *No comments or input from the community was received by 4 March 2022. (In terms of Sec 133 not all the components of the Annual Report were ready to be tabled and thus it was tabled again)*
- j) The Annual Report 2020/2021 was referred to the Oversight Committee for deliberation during March 2022. In dealing with the tabled Annual Report, Council is required to adopt an Oversight Report by not later than **two months from date of tabling**, which for the 2020/2021 Annual Report, will be 30 March 2022.
- j) Mr Mayor, the Oversight Report for 2020/2021 is the final major step in the annual reporting process of a municipality. Section 129 of the MFMA requires the council to consider the annual reports of its' municipality and adopt an oversight report containing the council's comments on each of the following statements:
- 1) Council has approved the annual report with or without reservations;
OR
 - 2) Council has rejected the annual report;
OR
 - 3) Council has referred the annual report back for revision of those components that can be revised.
- k) The oversight report is thus clearly distinguished from the annual report. The annual report is submitted to the council by the **accounting officer and the mayor** and is part of the process for discharging accountability by the executive and administration for their performance in achieving the goals set by council.
- l) The oversight report is a report of the municipal council and follows consideration and consultation on the annual report by the council itself.
- m) Thus the full accountability cycle is now completed and the separation of powers is preserved to promote effective governance and accountability.

- c) At the closing date (4 March 2022) for public submissions, no submissions were received and therefore no Public Hearing was necessary.

8) SUMMARY OF COMMENTS ON THE 2020/2021 ANNUAL REPORT

- a) The MPAC/Oversight Committee discussed the 2020/2021 Annual Report at the following meeting:
 - i) **22 March 2022**
- b) In this meeting, the Annual Report for 2020/2021 together with the Auditor General's basis of an **unqualified opinion** were discussed.
- c) A Guidance report (Audit Action Plan for 2020/2021) has been compiled on matters that should be addressed and considered by council and administration to rectify matters of the Auditor General to prevent any recapitulated reservations and/or possible disclaimers in the future.
- d) In order to approve **the annual report without reservations**, Council should be able to agree that the information contained in the report is a **fair and reasonable record of the performance of the municipality and properly accounts** for the actions of the municipality in the financial year reported upon. Approval means the executive(Council) and administration have discharged in full, their accountability for decisions and actions and that their performance meets the criteria set by performance objectives and measures and is also acceptable to the community. The rectification and re-development of the SDBIP and performance measuring of personnel, the organisation and their service providers was addressed and prioritized during 2020/2021 and will be built on during 2021/22 to be able to be audited.
- e) To promote continuous improvement in the performance of the municipality, it is strongly recommended that council reward performance of the municipal manager and the managers directly accountable to the municipal manager in a manner that is commensurate with achievement of policy/framework outcomes and in a manner which will encourage them to keep on performing where budget is available and affordability has been investigated. Therefore, the payment of performance bonuses should be measurable with the extent of outcomes achieved. This can only be achieved if accurate and measurable targets are set, monitored and measured as well as performance agreements are in place. Where reservations exist, the seriousness of such should be taken into account before considering any part-payment of bonuses. **No reservations exist at this stage and performance measurement was done for the MM and the Directors directly accountable to the MM by a performance panel.** The cascading of performance agreements to middle managers should also be encouraged.
