54. PROCUREMENT CONTROL MEASURES UNDER COVID

- 54.1. During the national state of disaster accounting officers must consider the impact any supply chain disruptions may have on finance management operations and develop control measures to address such.
- 54.2. When accounting officers consider invoking provisions in contracts related to "force majeure" for suppliers, legal advice must be sought on a case-by-case basis and accounting officers must guard against the risk of possible fruitless and wasteful expenditure due to payments made for services not rendered or goods not supplied.
- 54.3. Internal controls within the supply chain management (SCM) environment must be reviewed in terms of administrative controls and delegations to ensure required authorisations are done by relevant officials.
- 54.4. Internal control measures must be established to consider and approve any COVID-19 related procurement in the municipality or municipal entity. Prior to generating an order in relation to COVID-19 related procurement, the document must be referred to any other relevant function within the municipality or municipal entity to conduct checks to prevent any possible irregular expenditure.
- 54.5. Emergency requirements may be addressed through the emergency procurement provisions as stipulated in SCM Regulations and MFMA Circulars — Preventing and Combatting Abuse in the SCM System and reiterated further in the National Treasury Circulars.
- 54.6. MFMA Circulars on Preventing and Combating Abuse in the Supply Chain Management System states that accounting officers must only deviate from inviting competitive bids in cases of emergency and sole supplier status. These deviations do not require the approval of the relevant treasuries. It is understood that emergency procurement may occur when there is a serious and unexpected situation that poses an immediate risk to health, life, property or environment which calls on a municipality or municipal entity to action and there is insufficient time to invite competitive bids.
- 54.7. The emergency procurement provisions provide for accounting officers to procure

the required goods or services by other means, such as price quotations or negotiations, in terms of SCM Regulations. The reasons must be recorded and approved by the accounting officer or his/her delegate.

- 54.8. Section 114 of the MFMA and council policies require accounting officers to report within 10 working days to the relevant treasury and the Auditor-General all cases where goods and services were procured from bidders other than the one recommended. The report must include the description of the goods or services, the name/s of the supplier/s, the amount/s involved and the reasons for dispensing with the prescribed competitive bidding process.
- 54.9 The principles of fairness, equity, transparency, competitiveness and cost-effectiveness must be maintained. Emergency procurement must be limited to goods, services and works that addresses the programme of preventing the spread of the COVID-19 virus.
